# Progress Aienobe, Frontend Developer

Nigeria | +2347035076111 | Portfolio: <u>paienobe.vercel.app</u> | Email: <u>paienobe@gmail.com</u> | LinkedIn: linkedin.com/in/progress-aienobe

## **SUMMARY**

Highly motivated Frontend Developer with hands-on experience in building and maintaining React applications. Skilled in implementing features, optimizing performance, and integrating with backend technologies. Adept at collaborating with teams to deliver user-centric web solutions.

### **EXPERIENCE**

MysticSwap.io Remote, Nigeria

Frontend Developer

Aug 2022 - Present

- Developed and maintained features on a React frontend, ensuring seamless user experiences and optimal performance.
- Collaborated with the team to identify and implement enhancements, bug fixes, and feature updates, contributing to the overall improvement of the application.
- Created and implemented endpoints on a NestJS backend for seamless integration with the frontend.
- Implemented features and functionality using OpenSea's Seaport protocol, facilitating seamless integration of NFT (Non-Fungible Token) capabilities into the application.
- Created a versatile React component for seamless NFT and ERC20 token swaps, easily installable in React applications. Its flexibility allows for customization through the override of CSS classes.
- Executed the end-to-end development of a comprehensive white-label NFT marketplace, showcasing proficiency in React, TypeScript, and CSS.
